New Haven Nurseries

New Haven, Missouri

1872 - 1928

Condensed Price List
Fall 1928

We are sending this condensed Price List now that our customers may be able to send their orders early. It will be to our mutual interest if you will send your orders now. Note special low prices on Fruit Trees of which we have a splendid stock.

THIS LIST CANCELS ALL PREVIOUS QUOTATIONS.

New Haven Nurseries

New Haven, Missouri

JUST ABOUT OURSELVES

Over fifty-six years have been spent in building up our nursery business at New Haven. It was established in 1872 by Julian Bagby, the father of the present management. Our employees have grown up in the business and are honored citizens of the community, and some have been with us over forty years. We state this fact that our customers may know that their orders are handled by responsible men.

All of the trees we offer are grown on our own land and under our own care. We are proud of our record of the orchards that are growing in every state from trees we have produced. Some of our customers have been with us for more than forty years, and we expect to keep right on serving a larger circle of new customers every year with **Bagby** quality trees. This list contains only the standard, time-tried and tested varieties.

Our years of experience in the nursery business have taught us that our customers like our way of doing business, for they know that we do not exaggerate the merits of our varieties. We produce good stock, true-to-name, pack it well, ship it promptly and in good condition, and charge only reasonable prices. Let us fill your order.

J. L. BAGBY
E. S. BAGBY

The Way We Do Business With You

Terms Cash, unless otherwise agreed upon. All orders to be sent C. O. D. must be accompanied with one-fourth the amount in cash. Remit by Money Order, Registered Letter or Check.

Order Early It is important that you order early. For the benefit of customers who wish to order early, but do not care to spare all of the money when the order is sent, we will accept such early orders if 10 per cent of the amount is sent with order. We will reserve the stock for you. Balance to be sent when you order the stock shipped.

Directions for Ordering Write name and address plainly. Always state distinctly the sizes and grades of stock ordered as per the grades given in this list. When named varieties cannot be furnished, we reserve the right to substitute such varieties as will fill the season as near as possible, unless prohibited in the order. Persons unacquainted with the different varieties will generally get a much better selection by leaving the assortment to us. Keep a correct copy of the order, so that when stock arrives you will know exactly whether you get what you have ordered. If we make mistakes, they are accidental, and we wish to right them.

Prices The prices are for the quantities named, but five, fifty and five hundred will be supplied at ten, hundred and thousand rates respectively—i. e., five at half the price of ten; fifty at half the price of one hundred, and so on.

Packing All goods are packed free. Notwithstanding this fact, we use the utmost care and pack according to the distance and our customers' best interests. **Everything is correctly labeled.**

Our Guarantee The fact that nurserymen, planters and fruit growers of the country have ordered of us year after year, is as good a guarantee as can be given by any other nursery of over fifty-six years' standing. But if a mistake occurs we will cheerfully correct it.

We use the greatest care possible to have our stock true-to-name, and should any prove not true, we stand ready to replace it free of charge, or to refund the purchase price, but it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for any sum greater than the amount originally paid for said stock. We guarantee stock to reach customers in good condition.

All shipments will be accompanied by **Certificate of Inspection of the State Entomologist**. Good stock, true-to-name, sold direct to the planter at reasonable prices is our aim.

Our Location NEW HAVEN is on the Missouri Pacific Railroad and also on the Missouri River, sixty-seven miles west of St. Louis. Our soil is the very best for producing well ripened stock with splendid roots. Our facilities for prompt shipments are first class.

Free Freight On all orders amounting to \$10.00 or more at the single, ten and hundred rates, accompanied by full remittance, we will **prepay the freight** to your railroad station, if east of Colorado. If you wish the shipment made by express, we will refund you the freight allowance.

We solicit correspondence and personal inspection of our stock, confident that it will compare favorably with the best.

NEW HAVEN NURSERIES

NEW HAVEN, MISSOURI

Apples

The first fruit, both in importance and general culture, is the Apple. Its period, unlike that of all other fruits, extends nearly or quite through the year. By planting judicious selections of Summer, Fall and Winter sorts, a constant succession of this most desirable fruit will be obtained. Apple planting can never be overdone.

Our Apples are grown on Missouri River upland, on well branched, whole roots, smooth, clean and well grown in every respect. **No better trees can be found anywhere.**

Peaches

We are headquarters for Peach trees in the West, and can supply the best up-to-date market sorts in any quantity. Our Peach are stocky, nicely headed, smooth, straight bodies, well rooted, on healthy Peach stocks and free from any disease. Remember this when comparing our prices with those of other establishments.

General Information

About Agents

This Price List is our agent, but we shall be pleased to have you get up a club among your neighbors, and on club orders amounting to \$100.00 or more, at single or ten rates, we allow you 10 per cent, additional in stock. We put up each order in a separate package, so that upon receipt of goods you have only to hand out the different lots as ordered. Many of our best customers buy in large quantities at the lowest rates and distribute in lots as ordered by their neighbors.

We also desire to sell to nurserymen and dealers who buy to sell again, and special prices will be made on carloads or larger quantities than indicated in this list.

References

We refer to any bank or business house in New Haven, Mo., as to our responsibility and standing in the community. We do our local business with the Farmers' Savings Bank, New Haven, Mo.

Distances for Planting

Standard Apples	30 feet apart each way
Standard Pears and Strong-growing Cherries.....	20 feet apart each way
Duke and Morello Cherries	18 feet apart each way
Standard Plums, Apricots	18 to 20 feet apart each way
Peaches, Nectarines	18 to 20 feet apart each way
Dwarf Pears	10 to 20 feet apart each way
Grapes	rows 10 feet apart, 7 to 16 feet in rows
Currants and Gooseberries	3 to 4 feet apart
Raspberries and Blackberries	3 to 4 by 5 to 7 feet apart
Strawberries for field culture	1 to 1½ by 3 to 4 feet apart
Strawberries for garden culture	1 to 2 feet apart

Number of Trees on an Acre

30 feet apart each way	50
25 feet apart each way	70
20 feet apart each way	110
18 feet apart each way	135
15 feet apart each way	205

Rule. Multiply the distance in feet between the rows by the distance the plants are apart in the rows, and the product will be the number of square feet for each plant or hill: which, divided into the number of square feet in an acre (43,560), will give the number of plants or trees to the acre.

WE GROW OUR OWN STOCK

We mail this list of prices to our friends and customers, and will ask that you favor us with your orders as early as practicable. All stock clean and healthy, and of our own growing. **ENTOMOLOGIST'S CERTIFICATE WITH EACH SHIPMENT.**

Shipments to Pacific Coast and Southern States from our frost-proof storage during winter months via southern routes.

YOU ORDER THE TREES—WE DO THE REST

MISSOURI STATE PLANT BOARD
Office of the Chief Inspector, Columbia
Certificate of Nursery Inspection

No. IC 68

Issued 8-2-28

This is to Certify that in accordance with the provisions of the Missouri Plant Act of 1925, the nursery and premises thereof belonging to New Haven Nurseries, of New Haven, Missouri, have been inspected by a duly authorized inspector and were found to be apparently free of injurious insect pests and plant diseases.

This certificate is not transferable and may be revoked for cause. This certificate expires Sept. 1, 1929.

L. HASEMAN,
Chief Inspector.

We are prepared to fumigate all consignments to states requiring fumigation. No Scale or Yellows has ever been found in our establishment, and we take pride in sending out only clean, healthy stock.

Read What Others Say:

LaFayette County, Mo., March 29, 1928.
We received our order and we are most delighted with these trees.
L. D. MEYER.

Russell County, Ky., April 25, 1928.
The trees arrived in good condition and are now set. The fifty peach trees I bought from you are looking well, and some of them have peaches on them now.
ELMER WILSON.

Pike County, Ark., March 3, 1928.
The nursery stock ordered from you received. Was extra well packed, and arrived in good condition.
MRS. J. A. ELLIS.

NEW YORK STATE,
AGRICULTURAL EXPERIMENT STATION.

Geneva, N. Y., March 15, 1928.
I wish to acknowledge the receipt of the Magann Cherry trees. I am glad to report that this stock arrived in excellent condition.

G. H. HOWE.

Bernalillo County, N. Mex.
Order shipped April 5, 1928 received O. K. Everything in fine shape.
W. A. VAN LUE.

Montgomery County, Kansas, March 23, 1928.
The shrubs arrived O. K. and planted soon as they arrived. Sure looked fine.
MRS. T. E. STOUT.

Woods County, Okla., March 23, 1928.
Received my nursery stock all O. K. Was well pleased. Wish I had made the order larger. Many thanks for gratis apple tree.

J. L. SCRIMSHER.

Macon County, Ill., May 2, 1928.
The shipment of Privet Hedge was very slow in transportation but finally reached me and I wish to thank you for the carefulness with which it was packed for shipment. It was in such beautiful condition that one could hardly believe that it had been packed for more than two weeks. The plants are so large and symmetrical.
